

B 880 E Mastery Supply List

Kathy Lincoln

Things to Bring:

- Machine and embroidery module with power cord
- The manual and all accessories that came with your machine
- 1 yard of plain light fabric (muslin works very well)
- Good quality 50 wt. sewing thread (there was free thread that came with your machine). This thread must contrast with the fabric, so you can see the stitches.
- Small quilt sandwich (muslin top and bottom with a scrap of batting between)
- BSR
- Embroidery thread (there was free thread that came with your module.)
You can also order WonderFil Polyfast from Artistic Artifacts (<https://www.artisticartifacts.com/product/P1.html>)
- Bobbin Thread- also available from Artistic Artifacts (<https://www.artisticartifacts.com/category/deco.html>)
- Large Oval hoop and template
- Stabilizer- I suggest OESD Ultra Clean & Tear. Here is the link to Artistic Artifacts. (<https://www.artisticartifacts.com/product/HBT1715.html>)
